

MasterVision 2023 – Hybrid Conference on Literature, Linguistics, Culture and Media from February 22-23, 2023

CALL FOR PAPERS

We are happy to announce that MasterVision is back! MasterVision is an annual student conference, organised by students of the MA program *English-Speaking Cultures: Language, Text, Media* at the University of Bremen.

Delighted to carry on this tradition, we once again offer MA students an exceptional opportunity to present and discuss their research amongst peers and experts on a range of topics in the fields of Linguistics, Literature, Culture, and Media.

MasterVision 2023 is going to take place on **February 22 and 23, 2023** and will be run in a **hybrid** format. This means that presenters and listeners are able to participate either online or in person at the university.

We invite contributions on a variety of research topics. Students are very welcome to present previous research of theirs as well as work in progress, as this conference allows them to receive fresh insights and feedback.
