Mona Syrbe, PhD (London)

An EIL-oriented approach to evaluating and creating teaching materials for the English language classroom

In the 21st century, English is an essential tool for communication between speakers from diverse native language backgrounds. But what does this mean for the way we teach the language? This talk addresses key questions in evaluating classroom materials with regards to the use and status of English as an International Language, a process necessary in order to prepare learners of English to use the language in our globalized world.

Montag, 08.01.2018, 14:15 - 15:45, GW2 B3009

Alle Interessierten sind herzlich eingeladen!
